architect urban planner interior design project management

November 27, 2008

The firm of Allen & Chui Architects Inc. has completed numerous commercial/ industrial and residential projects throughout the Niagara Region and Southern Ontario.

We have had the opportunity and pleasure to work with Mr. Wes Steele and his company during a Five Storey Façade Improvements for the 27 Carlton Street, Toronto, Ontario project. The project was completed in a timely and cooperative manner.

We highly recommend the professional and reliable services offered by Mr. Steele.

We are confident in Mr. Steele and his Company's ability to oversee any future projects, and would not hesitate to recommend him to anyone else.

Respectfully,
Allen & Chui Architects

David Chui - Principal Architect
