To Whom It May Concern

**Re: PCM Pyramid Construction Management Ltd.**

PCM Pyramid Construction Management were selected by Toronto Honda Limited to carry out the complete interior and exterior renovation of their used car showroom at 2258 Danforth Avenue.

The work commenced on July 7, 2005 and was completed and occupied on October 13, 2005.

Throughout the construction period PCM Pyramid Construction Management performed well, used competent sub trades and kept the owners informed of site circumstances so that issues that always arise during renovation work were promptly settled and progress maintained.

The completed facility exceeds the owner's expectations in quality and appearance. They are delighted.

We have no hesitation in recommending PCM Pyramid Construction Management as competent and reputable general contractors and we would be happy to work with them again in the future should the opportunity arise.

Signed
